This full brick ranch style home is located on a quiet street in highly-desired Elmwood Manor. Home offers approximately 2,369 sq. ft. of living space plus a 19' x 14' glassed-in back porch overlooking the large backyard.

Step inside and notice the stunning hardwood floors. The living room has a wall of windows and opens to a home office area. The large dining room opens to the kitchen and backyard. The original plan of the home used the current dining room as a family room. The kitchen offers custom cabinetry and hard surface countertops. Off the kitchen is the 3-season room perfect for enjoying your morning cup of coffee or just grabbing a great book and spend the day reading. You can also enjoy evening cookouts with family and friends on the large backyard patio. There is even a basketball hoop so you can perfect your shot!
